“I am a big fan of Miss Renzi. She has a strong work ethic and a keen ability to turn a bland collateral project into something interesting. Even with little direction and a tight timeline, Claudia is able to turn rotten lemons in to Starbucks’ fabled lemon squares! As her writing partner, I enjoyed collaborating with Claudia and looked forward to hearing her perspective on our projects. She challenged me to think more visually and was always conscious of not just solving the problem at hand, but looking ahead to how these solutions translate into a campaign or as part of the family brand. She also makes a mean Tiramisu.”

UNDER-CONSIDERATION

[armin vit](#) *“I worked with Claudia for over two years at Norman Design; her creativity – especially her typographic sensibilities – were consistently surprising and inspiring. Her work experience is a great asset, having worked with VSA Partners and SGDP, as well, which are two great design firms in Chicago. Apart from her design proficiency, she’s a great social addition to any team, she’s friendly and funny, which is as important as being a good kerner.”*
